Subject: RE: Response to Inquires

Dear Ms. Dolan, & NCITLB Members,

To date I have not received any communication from the Board regarding my request as contained within my email below. The Board's inaction demonstrates a lack of adherence to the public records act to comply with requests from the public.

I am re-submitting this email as yet another request for the information as outlined below.

Your expedient attention to this matter is greatly appreciated.

Elita Hill

Subject: RE: Response to Inquires

Dear Ms. Dolan & NCITLB Members,

Thank you for copying me directly in your response to Martha Ingel's letter. After carefully reading the Board's response, it does not seem to address the questions I presented orally and electronically to the Board on February 20th which were:

Friday, February 20, 2015

To: North Carolina Interpreter & Transliterators Licensing Board

Re: Public Comments to be added to minutes

Kindly accept these additional comments as presented orally during today's public comment period.

I am making two (2) requests:

1. that the Board kindly explain and disseminate publicly (e.g. via website, letters to licensees, public forum) how its decision-making process to change the legislation striking the education requisite **aligns with the NCITLB's by-laws that were in effect at the time.**
2. that the Board kindly explain and disseminate publicly (e.g. via website, letters to licensees, public forum) how its rationale for making the legislation change striking the education requisite honors its fiduciary responsibility in **upholding its mission statement that was in effect at the time.**

Since the Board's response did not address my questions, I am requesting that a response be made within the next 15 days.

Additionally, within the next 7 days, please send me all versions of the Board's bylaws (since July 2003 to present) and mission statement(s).

Thank you for your time, service and efforts in fulfilling my requests.

Sincerely,

Elita Hill

Subject: Response to Inquires

Hello Ms. Hill,

Attached please find the Board's response to the inquires that were posed to them at the February 20, 2015 meeting.

Thank you,
Caitlin
